BOARD OF FINANCE

SPECIAL MEETING on FY24 BUDGET – April 3, 2023 Held at Comstock Community Center Room 31 & via Zoom 7:45 P.M.

PRESENT

Board of Finance: Michael Kaelin, Stewart Koenigsberg, Chris Stroup, Sandra Arkell, Matthew Raimondi,

Richard Santosky

Others: First Selectwoman Lynne Vanderslice, Members of the Board of Education CFO Dawn Norton

Call to Order

Mr. Kaelin called the meeting to order at 7:45pm.

Mr. Kaelin noted the purpose of the meeting is to begin budget deliberations on the FY24 budget request form the BOE and the BOS and asked Mr. Raimondi begin review on the information received to date. He reviewed 45 emails received from the public, and the survey that was circulated noting received 797 responses.

Budget Deliberations - Mill Rate

Mr. Kaelin offered an opportunity for each board member to give a statement on their viewpoint on the FY24 budgets being considered.

Before beginning deliberations, Mr. Raimondi provided an overview of the results of the BOF budget survey that was distributed to residents (see attached). Discussion amongst the board regarding the survey results.

Stewart Koenigsberg: Mr. Koenigsberg gave his statement before deliberations recommending a cut in the BOS and the BOE budget to get to a lower mill rate projection.

Mr. Kaelin invited CFO Dawn Norton to review an updated Mill Rate model (see attached) with an updated proposed mil rate calculation. Ms. Norton identified bond interest savings.

<u>Chris Stroup</u>: Mr. Stroup gave his statement before deliberations in support of the budgets as originally presented by BOE and BOS, noting that voters, not the BOF should decide whether the budgets needed to be reduced.

<u>Sandra Arkell</u>: Ms. Arkell gave her statement before deliberations noting she was open to considering reductions in the budgets, but troubled by what she considers to be arbitrary reductions in the BOE budget to get to a decrease in the mill rate.

<u>Matthew Raimondi</u>: Mr. Raimondi gave his statement before deliberations noting he is in favor taking a look at reducing the BOS & BOE budget.

<u>Richard Santosky</u>: Mr. Santosky gave his statement before deliberations noting he is in favor of looking at reduction for the BOE & BOS budget.

Michael Kaelin: Mr. Kaelin gave his statement before deliberations noting he is in favor of a reduction to the BOS & BOE budget. Mr. Kaelin then proceeded to discussion of the budgets amongst the BOF before moving to a vote on the FY24 budgets.

After discussion amongst the board, Mr. Raimondi made a proposal that the BOE FY24 budget be set at \$89,181,692 which represents a 1.4 million reduction to the increase as requested by the BOE. Motion seconded by Mr. Santosky. Motion carried 4-2 with Mr. Stroup and Ms. Arkell opposed.

Proposal that the BOS FY24 budget be set at \$34,473,595 which represents a \$200,000 reduction to the increase as requested by the BOS. Motion seconded by Mr. Kaelin and carried 4-1-1 with Mr. Stroup in opposition and Ms. Arkell abstaining.

Motion to set the grand list collection rate of 99.3% made by Mr. Koenigsberg, seconded by Mr. Stroup and carried 6-0.

Discussion on moving forward with a vote on the proposed FY24 budget or continuing to another night. A concensus was reached with the board to move forward with the meeting and continue to vote on the resolutions.

Break in meeting at 8:54pm to allow First Selectwoman Vanderslice and CFO Dawn Norton to calculate mill rate before moving forward with voting on the FY2024 Budget.

Back in session at 9:02pm to vote on the FY2024 Budget.

Executive Summary

Survey Results

Budget & Mill Rate Context

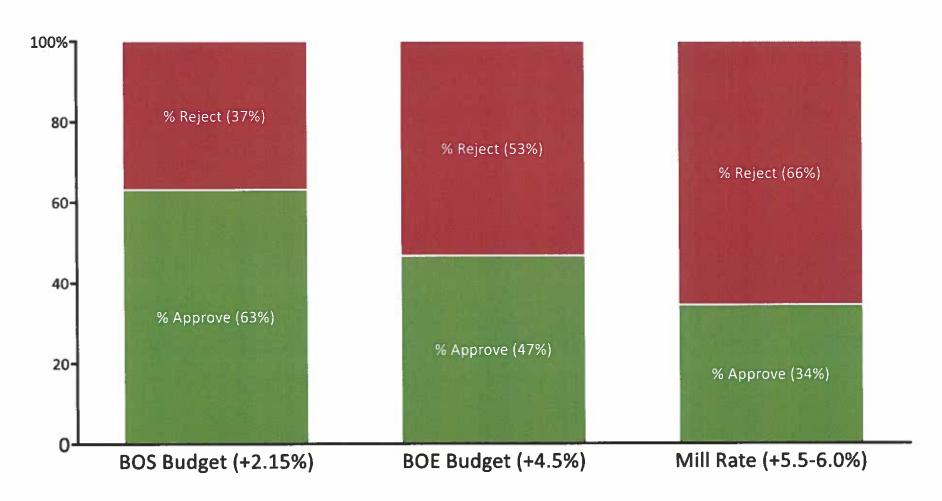

- The Board of Finance ("BOF") is currently in the process of deliberating on the proposed Board of Selectmen ("BOS") budget increase of 2.15%, a proposed Board of Education ("BOE") budget increase of 4.5%, and a consequent mill rate increase of 5.69%
- This consequent mill rate increase is a calculation based on the BOS and BOE budget increases described above, as well as: 1) a 14.7% increase in debt service; 2) a 4.6% increase in reserves (required to be 1% of the total budget per Wilton's Charter); 3) a (65%) decrease in the excess use of fund balance (i.e., budget surplus); and 4) a (3.2%) decrease in non-property tax revenue. These impacts to the mill rate calculation are offset by a 1.1% increase in the grand list and a (9%) decrease in tax relief
- The BOF decided to launch a survey to collect quantitative feedback on Wilton residents' sentiments towards the proposed BOS budget, BOE budget, and the consequent mill rate increase. This survey was launched on March 6, and was distributed digitally and physically. The survey was active through March 31
- As a note, this survey was fielded prior to both the BOS and BOE budget hearings (which occurred on March 21 and March 27, respectively). It was also released prior to the finalization of the required mill rate calculation. As a result, survey respondents were presented with a mill rate increase range of 5.5-6.0%. After the survey launched, the required mill rate increase was determined to be 5.69% (though the survey language remained unchanged)

Survey Results Summary

- Overall, the survey received 797¹ complete responses from individuals who are registered to vote in Wilton. Please see the demographics slides on pages 9 and 11 for a full segmentation
- 63% of all respondents approved the BOS budget (+2.15% increase). However, 53% rejected the BOE budget (+4.5% increase) and 66% rejected the proposed mill rate increase (+5.5-6.0% increase)
- Although a majority of respondents responded in favor of the BOS budget and against the mill rate across all demographics, only a majority of respondents with children in Wilton Public Schools ("WPS") responded in favor of the BOE budget (61% approval, vs 32% approval from respondents without children in WPS). Relative to the 2020 census, the survey received responses from a greater proportion of parents with children (55% of survey respondents, vs 44% of households per the census)
- On a weighted average basis, respondents determined that the **maximum mill rate** increase should be 2.5%. 51% would support a mill rate increase below 2%, and 59% would like to see an increase below 3%
- Relative to last year's survey, fewer respondents supported the BOS budget, the BOE budget, and the consequent mill rate increase. In 2022, the BOS (+1.37%) and BOE (+3.26%) budgets were approved by 71% and 58% of respondents respectively, but the mill rate increase (+1.94%) was rejected by 52%

While a majority of respondents approved of the BOS budgets (63%), a - DRAFT - majority rejected the BOE budget (53%) and the proposed mill rate increase (66%)

Q: Is there any commentary you wish to add regarding the 2024 budget and mill rate?

Respondents who rejected the mill rate increase generally cited that taxes and spending are already too high

% of Respondents with Commentary Against the Mill Rate Increase

Q: Is there any commentary you wish to add regarding the 2024 budget and mill rate?

In the words of our residents who favor the mill rate increase....

We need to support our schools; many families moved here because of the school system

- Like many who moved to Wilton, my family and I moved here for the high-quality schools.
 Please provide the resources requested so that the Wilton Schools can maintain and grow this level of education provided for our kids.
- The priority for my family and I continues to be supporting the strength of Wilton's schools and community infrastructure, and I understand the connection between doing this and ensuring that taxes are sufficient to cover the cost.

We need to support the town

- Our town is well-governed and our schools are excellent. Those are the things that bring people here. I support these budgets
- Recent budgets have been flat or a slight increase. We need to catch up with the needs of the town.
- We have competent and dedicated people working on these Town projects. We should support their deliberations and recommendations as they come from the best we have

This time of heightened inflation means we should support higher spending

- There has been significant cost pressure due to inflation that can't be ignored and, therefore, increasing the budgets by the requested amounts by BOE and BOS seems like the right decision
- The expectation is to increase each budget both the Selectmen and Education each year, as every year inflation and costs increase. Considering much of the Board of Education's costs are fixed along with a high portion of workforce costs it's obvious that the budget would increase. The Board of Education has also deferred costs in years past, so a 4% increase seems very inline.

We need a larger grand list to afford our amenities

- Please expand the grand list, it's the only actual way to improve town finances
- We desperately need to develop more business opportunities for our economic areas (downtown and along Rte.7)
- I would also strongly advocate that the town press forward with efforts to selectively promote higher value commercial development, particularly in South Wilton, and grow the grand list to reduce the burden on homeowners

In the words of our residents who are <u>opposed</u> to the mill rate increase....

Our taxes are already too high

- Town spending is out of control. Taxes must not continue to rise. Connecticut is bad enough but Wilton makes it worse. Neighboring towns do better. Home owners are leaving and potential buyers are turned off by Wilton's high taxes. Bring fiscal discipline to bear please. Families are tightening our belts town officials should too
- I'm concerned about the increase in mill rate compared to surrounding towns. This could impact the real estate market since our property taxes are disproportionately higher and as a town we don't offer the amenities of surrounding towns (direct train line, beach access, town pool, shopping area downtown).

There is opportunity to cut spending at our schools

- Someone needs to take into account the administrative headcount for the BOE. We have coaches, coordinators, a slew of central office admin with ambiguous job descriptions. It's time for the Superintendent to stop cutting teachers and student experiences, and time to start finding a way to streamline his admin team at CO
- Too many administrators at the school! Enrollment is decreasing
- Academic Coaches at Board of Ed are not providing direct education. Eliminate and you can save a ton of money

This time of heightened inflation means we should not increase spending

- This is an insane increase in the mill rate at a time when middle class families are already getting
 hammered by inflation at the grocery store and bonkers energy prices. It's unaffordable to live here
 as is, a 6% mill rate increase could well be the deciding factor for our family to leave Wilton.
- It is evident we are entering a recession over the next year. Inflation is not under control and earnings on money is not keeping up. The town and most importantly the schools have to understand many of us cannot afford tax increases.

We should focus on cutting expenditures

- Taxes will go up perpetually if we don't do due diligence by carefully reviewing all current expenditures and balance sheet items. Administration needs to be held accountable and remove any and all wasteful items before requesting an increase.
- Need to focus on opportunities for cost cutting rather than tax increase
- STOP SPENDING MONEY WE DON'T HAVE! Reduce the expenditures so the town can make due with the money it is already confiscating
