WILTON ENERGY COMMISSION

Clean Energy Communities sub-committee meeting

Attendees: Bruce Hampson, Richard Creeth, Phil Murphy, Patrice Gillespie

Comstock Community Center, Room 31

Thursday, April 13, 2017

7:30-9:00 PM

MINUTES

1. Bruce Hampson called the meeting to order at 7:40pm.
2. Bruce reviewed past energy benchmarking projects that were done in 2005 and 2011.
3. Richard Creeth provided an update on the Town's current Energy Star® Portfolio Manager (PM) account.
4. Discussion ensued about how WEC might format forthcoming PM reports, and how efforts to further reduce munic/school energy consumption might be initiated by such data reports. Phil Murphy suggested engaging individuals and/or groups at the schools that would help advance related efforts.
5. Phil provided insights as to how to publicize the findings about energy usage trends and subsequent recommendations. This would be done after an estimate of total avoided energy costs (for projects/campaigns already completed) can be tabulated by Peter Wrampe and others whom he engages.
6. Patrice Gillespie initiated a request to Eversource for its assistance in getting the High School certified as Wilton's first Energy Star®-rated building.
7. Public comments were solicited, but there were none, since no members of the public were present.
8. The meeting was adjourned at 9pm.
