**V. Website link mapping:** Lisa Pojano reported on the current status of link mapping, which hotlinks the addresses of structures in LHDs to a description of the property on the HRI or other resource. The links have been successfully added, but some of the language needs to be updated. Another aspect of improving access to information about historic districts is to add an overlay to Wilton's GIS map showing the Historic Districts. Lisa will pursue with Planning and Zoning Dept.
