**Wilton Economic Development Commission Seeks Feedback from Local Businesses on Suggestions to Improve Sign Regulations in Wilton**

In an effort to help Wilton business thrive and attract more customers, the Economic Development Commission is reviewing the Town's sign regulations. To assist in that process, the commission has issued a survey seeking feedback from Wilton businesses on their level of understanding, satisfaction, and suggested improvements to sign regulations.

The survey can be accessed at the link below:

<https://www.surveymonkey.com/r/L2SMMHT>

The survey will be open through June 10, 2023.

This survey will be followed up with a second survey to be released at a future date which will solicit opinions from the public. The Economic Development Commission will develop recommendations for the Town of Wilton regarding signage for businesses based on the information collected from surveys.

For questions about the survey, please contact Prasad Iyer at [prasad.iyer@wiltonct.org](mailto:prasad.iyer@wiltonct.org).
