

FOR IMMEDIATE RELEASE

October 30, 2020

Press Release

Temporary Event Permits

The Town of Wilton wants to remind local organizations that any person or organization which intends to hold an event in the Town of Wilton to which the public is invited must apply for a Temporary Event Permit. During the COVID-19 pandemic, this process allows the Town to ensure events are being held safely, both in compliance with local regulations and health guidelines.

The permit application is available in an easy to use fillable format on the [Town of Wilton website](#) (Forms and Permits listed under 'Other'). Organizations should send the completed application along with any required supporting documentation to Jackie Rochester, Office of the First Selectman by email at jacqueline.rochester@wiltonct.org. The Office of the First Selectman will review the application with each Town department to obtain departmental approvals and will notify the applicant of final approval.

Questions about the permit process can be directed to Jackie Rochester by email at jacqueline.rochester@wiltonct.org or phone at (203) 563-0100.
