Wilton Economic Development Commission Seeks Feedback from Residents on Suggestions to Improve Sign Regulations in Wilton

In an effort to help Wilton business thrive and attract more customers, the Economic Development Commission (EDC) is reviewing the Town's sign regulations. To assist in that process, the commission has issued a survey seeking feedback from Wilton residents on their level of satisfaction and suggested improvements to signage in Wilton.

They survey can be accessed at the link below:

<https://www.surveymonkey.com/r/RLV6SMV>

The survey will be open through October 15, 2023.

The EDC recently completed a similar survey seeking feedback from Wilton businesses. The Economic Development Commission will develop recommendations for the Town of Wilton regarding signage based on the information collected from the surveys.

For questions about the survey, please contact Prasad Iyer at prasad.iyer@wiltonct.org.
