Dear Mr. Conklin,

My husband, John, and I are owners of property located at 6 Sugarbush Court in Wilton, Connecticut. Our property is located across the street from the property owned by Mr. & Mrs. Cammarata, who have filed an application (WET#2905S) with the Town of Wilton Inland Wetlands Commission to construct an inground pool and other regulated activities in and around the on-site upland review area. We have no objection to the applicants' proposal, as it does not appear that it will result in significant adverse impacts to the wetlands and watercourses that may exist on the property. We trust that all proper sedimentation and erosion control measures will be installed during construction and that all required landscaping and other improvements required by the Commission as conditions of approval will be installed at the appropriate time.

We appreciate the opportunity to comment on this application and ask that this correspondence be shared with the Commission and rad into the record. We wish the Cammaratas all the best with their project.

Regards,
Elizabeth Suchy, Esq.
