Dear Mr. Conklin:

As you know, our firm represents FDSPIN 141 DR LLC (the “**Applicant**”) in the above-referenced application (the “**Application**”). As you know, the public hearing concerning the above-referenced application was continued to Thursday, September 23, 2021. Because a public hearing before the Inland Wetlands Commission must typically be completed within 35 days of commencement,¹ the Applicant is writing to you to provide written consent to a 14-day extension to September 23, 2021 to complete the public hearing regarding the Application.²

Thank you for your time and attention regarding this matter.

Sincerely,

Lisa L. Feinberg

¹ Pursuant to Section 11.2 of the Inland Wetlands and Watercourse Regulations for the Town of Wilton, and Section 8-7d of the Connecticut General Statutes, public hearings held by the Commission must be completed within 35 days, unless the applicant grants the Commission additional time to complete the public hearing.

² Only 13-days of extension are required to permit the public hearing to continue on September 23, 2021. However, the Applicant grants a 14-day extension in the event the hearing continues into the morning of September 24, 2021.
