Subject: Wetlands Permit Application #2929 – LEGAN
249 Nod Hill Road, Wilton, CT (Map#78 Lot#4)

Dear Mr. and Mrs. Legan:

The Inland Wetlands Commission of the Town of Wilton has **GRANTED** your application to conduct "regulated activities" within the Town of Wilton. Your attention is directed to the enclosed Resolution #0324-19WET. It contains a description of the permitted work and the terms and conditions attached. Please review it carefully. Your work must conform to your permit. This permit is valid for nine years. Refer to General Condition #2 for additional information. The Director of Environmental Affairs must be notified 24 hours prior to commencing on-site work.

If you have not already done so, you should contact the State of Connecticut, Department of Energy & Environmental Protection, Bureau of Water Management to determine the requirement, if any, for State authorization. If your project involves filling of, or discharge to, Federally regulated wetlands or watercourses, you should contact the U.S. Army Corps of Engineers in Concord, Massachusetts.

For your records, a copy of the Legal Notice of the Commission's decision is enclosed. If you have any questions or comments regarding your permit, please contact this office. Thank you for your cooperation in protecting the valuable natural resources of the Town of Wilton.

Sincerely,

Nick Lee
Chairman

March 27, 2024
Resolution #0324-19WET
WET#2929

Upon review by the Commission at a duly noticed public meeting, the following decision was made:

RESOLVED:

that Wetlands Application #2929 to conduct "Intermediate Regulated Activities," as defined by Section 2.1.z of the Wilton Wetlands and Watercourses Regulations be granted to Karen and Bruce Legan for property located at 249 Nod Hill Road, Wilton, CT (Assessor's Map#78, Lot#4). The authorized activity consists of a proposed addition, gravel driveway pull-off, and new septic and stormwater management system as described in the following documents:

1. Application for an Intermediate Regulated Activity, with supporting documentation, dated February 20, 2024, signed by the Agent
2. Location Map, printed from Town of Wilton GIS February 16, 2024
3. Watershed Mapping for Inland Wetlands (sic) and Brook, printed from Town of Wilton GIS February 16, 2024
4. Wetland Delineation Report, dated December 6, 2023, prepared by Pfizer-Jahnig, signed by Mary Jaehnig
5. Wetland Flagged Map, dated December 5, 2023, prepared by Mary Jaehnig
6. Statewide Inland Wetlands & Watercourses Activity Reporting Form, undated
7. Engineering Summary, dated February 20, 2024, prepared by McChord Engineering Associates, Inc., signed by Harry Rocheville
8. Alternative Sketch, undated, unknown preparer
9. Stormwater Management Report, dated February 20, 2024, prepared by McChord Engineering Associates, Inc., signed and sealed by Thomas Nelson, P.E., CT Lic#26595
10. B100a Septic System/Site Development Plan SE1, dated February 20, 2024, prepared by McChord Engineering Associates, Inc., signed and sealed by Thomas Nelson, P.E., CT Lic#26595
11. Construction Notes & Details SE2, dated February 20, 2024, prepared by McChord Engineering Associates, Inc., signed and sealed by Thomas Nelson, P.E., CT Lic#26595
12. Email correspondence between Agent and Staff, dated February 20, 2024
13. Email from Staff to Commissioners, dated February 20, 2024
14. Email correspondence between Agent and Staff, dated February 23, 2024
15. Letter to SNEW, dated February 21, 2024, prepared by McChord Engineering, signed by Harry Rocheville
16. Email from Agent to Dept. of Public Health and Staff, dated February 23, 2024
17. Watershed or Aquifer Area Project Notification Form, undated
18. Email correspondence between Agent and Staff, dated March 1, 2024
19. Email correspondence between Owner, Agent and Staff, dated March 8, 2024

This permit is subject to the attached General Conditions and the following Special Conditions:

1. The applicant shall provide an as-built plan of the infiltration/stormwater management system and a letter from the engineer of record attesting to conformance of the constructed system to the approved system.
2. Prior to the commencement of any on-site permit related activity, the applicant shall submit an estimate for the cost of the erosion and sedimentation control plan for approval by this commission or its staff for the purpose of determining a bond amount.
3. Prior to the commencement of any on-site permit related activity, the applicant shall post a bond in a form and an amount acceptable to this commission and town counsel. The portion of the bond attributed to the planting plan shall be eligible for release at the end of the second full growing season after the planting plan is fully implemented. No portion of the bond is eligible for release until Special Condition #5 below is satisfied. In the event the applicant fails to properly implement and maintain the erosion and sedimentation control plan, the Town reserves the right to use the bonded funds to correct such deficiencies.
4. Prior to the commencement of any on-site permit related activity, the applicant shall submit photo documentation of the site. The photos shall be both wide angle and close up shots. They shall be labeled and cross referenced on a site plan.
5. The applicant shall cause to be prepared a foundation as-built plan that depicts the limit of lawn, boulder or other form of demarcation, wetlands, watercourses and their regulated areas. The plan shall also include a note directing the reader to the office of the Inland Wetlands Commission for further information regarding WET#2929. This plan shall be in a form suitable for filing on the Wilton Land Records. The applicant shall file copy of the plan on the Wilton Land Records. The applicant shall submit two copies of the filed document to the office of the Commission. No portion of the bond in Special Condition #3 above may be released until this condition is fully satisfied.
6. The planting plan shall be fully installed within six months of receiving either a permanent or temporary Certificate of Occupancy.
7. Prior to the commencement of any on-site permit related activity, the applicant shall submit an information packet to the office of this commission for approval by staff. The packet shall contain information regarding the purpose and maintenance of the infiltrators, information regarding the presence of areas regulated by this commission, and lastly, information regarding environmentally friendly lawn care practices. Once approved, this packet shall be provided to the end user and evidence of their receipt shall be submitted to the office of the commission within one week of the property transfer.
8. Prior to the commencement of any on-site permit related activity, the applicant shall sign and submit the **Authorization to Inspect Property Form** to allow staff routine access of the property for the purpose of permit conformance inspections to the Office of the Commission.

END
Res#0324-19

GENERAL CONDITIONS IN THE ISSUANCE OF ALL WILTON INLAND WETLANDS COMMISSION PERMITS

1. The permittee shall notify the Director of Environmental Affairs 24 hours prior to the commencement of work and upon its completion.
2. If the authorized activity is not completed on or before 3/19/29 said activity shall cease and, if not previously revoked or specifically extended, this permit shall be null and void.
3. No equipment or material including fill, construction materials, or debris, shall be deposited, placed, or stored in any wetland or watercourse on or off site unless specifically authorized by this permit.
4. All work and all regulated activities conducted pursuant to this authorization shall be consistent with the terms and conditions of this permit. Any structures, excavation, fill, obstructions, encroachments or regulated activities not specifically identified and authorized herein shall constitute a violation of this permit and result in its modification, suspension, or revocation. Upon initiation of the activities authorized herein, the permittee thereby accepts and agrees to comply with the terms and conditions of this permit.
5. Prior to commencement of any construction, including road, accessways, drainage systems, and lots, each and every general contractor and subcontractor employed by the applicant or subsequent purchaser shall execute a document in the form annexed indicating that the contractor or subcontractor has fully familiarized itself with and understands the Wilton Inland Wetlands and Water Courses Regulations as they apply to its project, and with the terms of the permitted activity, including the general and special conditions which pertain.
6. The permittee shall employ best management practices, consistent with the terms and conditions of this permit, to control storm water discharges, to prevent erosion and sedimentation and to otherwise prevent pollution of wetlands or watercourses. For information and technical assistance, contact the Director of Environmental Affairs. The permittee shall immediately inform the Commission of any problems involving wetlands or watercourses which develop during the course of, or which are caused by, the authorized work.
7. In evaluating this application, the Commission has relied on information provided by the applicant and, if such information subsequently proves to be false, deceptive, incomplete and/or inaccurate, this permit shall be modified, suspended or revoked.
8. Nothing in this permit shall obviate the requirements for the applicant to obtain any other assents, permits or licenses required by law or regulation by the Town of Wilton, State of Connecticut and the Government of the United States, including any approval required by the Connecticut Department of Environmental Protection and the U.S. Army Corps of Engineers. Obtaining such assents, permits or licenses is the sole responsibility of the applicant.
9. This permit is subject to and does not derogate any present or future property rights or other rights or powers of the Town of Wilton, conveys no property rights in real estate of material nor any exclusive privileges, and is further subject to any and all public and private rights and to any federal, state and local activity affected hereby.
10. This authorization is not transferable without the written consent of the Wilton Inland Wetlands Commission.
11. Where applicable, the oil tank shall be above ground or in the basement of the dwelling.
12. Prior to the commencement of any on-site permit related activity, the applicant shall sign and submit the Authorization to Inspect Property Form to the Office of the Commission. This will allow commission staff routine access to the property for the purpose of permit conformance inspections.
