**RE: Possible Disturbance within a Regulated Area  
45 Heather Lane, Wilton, CT – Map 29, Lot 50**

Recently Town Staff drove by the property at 45 Heather Lane and noted considerable work taking place on the property. The Town of Wilton regulates any disturbance within 100 feet of a wetland or a watercourse. There is a watercourse that runs behind the property at 45 Heather Lane. Activities which occur within regulated areas are reviewed by the Inland Wetlands Commission to assure that the activity will not cause undue harm to the water resource.

In order to avoid the issuance of a Notice of Violation, please contact me in order to set up a site visit and meeting to discuss the work currently taking place on this property. I can be reached at (203) 563-0181.

Sincerely,

Zen Herter  
Environmental Analyst
