Dear Mr. Nogid,

The Inland Wetland Commission Meeting held on February 8, 2024 included a discussion relating to the non-conformance of the above permit granted for a wetland crossing at Old Driftway, LLC known as 0 Mountain Road.

The Commission voted to revoke that permit. In the event that you are required to complete another crossing for soil testing at this location, a new Application will need to be submitted and reviewed by the Commission.

Sincerely,

Rem Bigosinski
