**A. WET#1204(S) – THORPE – 109 Signal Hill Road** – request for four year extension on permit

Ms. Sesto noted that this applicant is asking for a 5-year extension on their permit. They have already received an extension and would only be eligible for an additional 4 years at this time. Mr. Delaney asked if there was a reason this should not be approved. Ms. Sesto confirmed that the regulated area was 50 feet at the time the permit was issued however, given the tight building envelope, the imposition of the 100 foot regulated area would not likely change much. She added that statutorily, the extension is as-of-right and must be granted for a total of up to 14 years.

Mr. Wong MOVED to EXTEND WET#1204 for an additional 4 years, Mr. Hall SECONDED, and it CARRIED 5-0-0.
