**ARCHITECTURAL REVIEW BOARD**

**FINDINGS/RECOMMENDATION REPORT**

**RE: Fuller Development LLC, 64 Danbury Road  
Proposed Signage - March 7, 2024 Meeting**

**SUMMARY:**

---

The Architectural Review Board met to discuss the proposal by the applicant, Samuel Fuller, for proposed signage for the multi-family complex. The proposed signage included four signs; two free-standing signs, one directional sign and one back-lit sign to be mounted on the club house building. Due to the number of signs and that the building mounted sign would be back-lit, the application has been scheduled for a review by the Planning and Zoning Commission under the Alternative Signage Program for Large Developments.

**GENERAL CONSIDERATION:**

The Board was in favor of the proposed layout and design of the signs, as presented.

Report issued- March 20, 2024, revised April 26, 2024
