Message:

Mr. Wrinn,

Can you please tell me what the consequences are for filing an application with erroneous information?

Neglecting to note that the property the CHS wishes to develop sits directly within a protected CT DEEP area was a MAJOR oversight, and a potentially deliberate one, not a "mistake" to be shrugged off, as attorney James Murphy claimed.

In my opinion, this application should be tossed out. I believe that the residents of Wilton and members of the various commissions have been misled as the "charitable" CHS continues to bully their way into a residential zone that is not suitable for an industrial animal hospital.

I will eagerly await your response about holding the CHS responsible for the validity of their application.  
Thank you,  
Alena Murphy
