DISCUSSION OF MONTHLY REPORTS

The monthly reports were all reviewed and considered.

A. Activity Report

The Commission noted the remarkable consistency of the numbers year over year.

MV stops are down but understandable for a variety of reasons including new officers in training. Management finds the level of stops acceptable, as does the Commission. The objective is to provide a quality, safe environment in Wilton and traffic stops are a part of accomplishing that objective. It can be difficult to compare current numbers against a time when we were at full strength and had the resources to devote to MV stops.

B. Detective Bureau

There was nothing unusual in the DB Report.

C. MAC Report

There was nothing unusual in the MAC report. The Commission noted that 88% of the southbound drivers on Hurlbutt Street reduced their speed upon viewing the Speed Trailer

Commissioner Mason observed that he was surprised that the opposition to the possible roundabout at the 106/Beldon Hill Road intersection was based on concerns that it would work, resulting on increased traffic.

D. School Resource Officer

Nothing unusual to report.

E. Overtime Report

Overtime going forward will be a challenge as Officer Hayes recovers from his injuries. The Chief and the Commission continue to carefully manage and monitor OT.

F. Accreditation Report

The Commission once again expressed their positive views about Sgt. Rangel's Report, including the progress made and timetable for completion.

G. K-9 Report.

Report reviewed and discussed and nothing out of the ordinary to report.

REPORT OF THE CHIEF.

The Chief acknowledged various positive letters received and provided an update on Officer Hayes.
