NEW BUSINESS

A. Cannon Road - Consideration of No Through Truck Recommendation to State DOT

Chief Lombardo informed the Commission that a request had been made to consider posting Cannon Road as a "No Through Truck" roadway. The Commission noted from the background information provided that the average speed on the road was within reason; that the number of tractor trailers using the road had not increased from a prior count; that overall vehicle counts have increased on the road but that is not within the Commission's control; that trucks would be permitted to use the road to access locations such as Rolling Hills Country Club even if the prohibition is adopted; and that establishing such a designation would shift truck traffic to other local roadways. Upon consideration of the request, the Commission elected to table the matter without action.

REPORTS OF THE COMMISSIONERS

There were no reports of the Commissioners.
