Patrick

I writing in regards to the email below. I don't have your phone number - please give me a call today or tomorrow. I wanted to see if you had any questions as this item will be on the agenda for the 7/12/23 Water Pollution Control Authority meeting.

Thanks,
Frank

Patrick

I received your name from Michael Wrinn. My name is Frank Smeriglio, Director of Public Works/Town Engineer. We are working on the Sewer Capital Assessment for the building improvements performed at 77 Danbury Road. Attached is a copy of:

Sewer Capital Assessment letter & Sewer Capital Assessment legal notice
The actual Sewer Capital Assessment appraisal performed by Kerin Fazio

The WPCA is planning to hold a public hearing on July 12th. The legal notice will be in the paper later this week. Feel free to call me and we can discuss further.

Thanks,
Frank
