We are pleased to announce the Town of Wilton will be re-opening the Wilton High School Varsity Baseball and Softball fields on a limited basis, effective May __, 2020.. Both fields use will be strictly subject to all social distancing requirements and Town guidelines for responsible play.

The Varsity Baseball and Softball fields will be available for Wilton family use only, not to exceed a total of five (5) people per field. Residents may reserve the Varsity Baseball or the Varsity Softball field for a one-hour time period each day.

Use is for family free play only. No team practices. No private lessons.

The Baseball and Softball field use are by online reservation only, 7-days a week from 9:30 am – 4:45 pm. The Phase 1 protocol below provides for field use on a restricted basis and may be adjusted for changing circumstances and experience after opening.

All other fields in Wilton remain closed to the public at this time.

Access to additional facilities will continue to be rolled out in the coming weeks, each with a specific and distinct protocol. The cooperation and adherence to the town's usage requirements by residents is important to keep our community safe and to allow for continued field openings. Through the phased opening of our town's facilities, we hope to enhance family recreational outlets on a limited basis until we are permitted by the governing bodies to resume normal use of all amenities.

All Baseball and Softball Field stands, batting cages and dugouts area are closed for use. No access whatsoever is permitted.

Thank you in advance for your support and understanding. If you have any questions, please contact Steve Pierce at steve.pierce@wiltonct.org
