Subject: Millstone Farm Trail and Conservation Restriction Ammdement

Dear Lynne,

I am writing with the intent to reopen discussions with the Town of Wilton in regard to the Millstone Farm Trail and Amendment to the Conservation Restriction.

I walked the trail two weeks ago with Mike Conklin with this intent. I thought we had a positive walk with productive conversations about the trail. Upon my follow up with him to clarify our discussions, his opinions, and necessary next steps I was surprised to hear his reply.

At Mike's request I am reaching out to you to pick up this conversation. I look forward to continuing this conversation with you in hopes to bring us to completion of this topic.

Please let me know what our next steps are to move us forward.

Thanks and Be Well,

Drew Duckworth
