## FY 2022 Highway Safety DUI Enforcement Program Grant Application

<b>PROJECT TITLE</b>	<b>APPLICANT</b>	
<b>Comprehensive DUI Enforcement Program for Municipal Police Dept.</b>	<b>Wilton Police Department</b>	
	<b>PROBLEM ID</b>	<b>PAGE 1 OF 3</b>

**STATEMENT OF THE PROBLEM AND BACKGROUND INFORMATION**

Alcohol-impaired driving fatalities in Connecticut averaged 109 per year for the 2009-2018 ten year period. The year 2011 had the lowest reported total (94) and the year 2013 had the highest reported total (126).  
 Alcohol-impaired driving fatalities for the latest available three years are: 2016 - 114, 2017 - 122, 2018 - 120.  
 Alcohol-impaired driving fatalities for the 2009-2018 ten year period averaged 40% of total fatalities for the period.

DUI crashes for the latest available three years are: **2018** - 2,871, **2019** - 2,935, **2020** - 2,572.  
 DUI injuries for the latest available three years are: **2018** - 1,527, **2019** - 1,556, **2020** - 1,548.

65% of fatally injured drinking drivers (BAC  $\geq$  0.01) occurred in crashes between the hours of 8 PM and 6 AM.

The number of statewide DUI arrests for the latest available three years are:  
**FY 2017/2018** - 9,252, **FY 2018/2019** - 8,390, **FY 2019/2020** - 6,609.

**NOTE: For roving patrol activities, the number of enforcement officers allowed per vehicle at any one time is one per vehicle. However, core enforcement hours may be split by more than one officer. All officers who will be assigned to DUI activities should be trained in the most current Standardized Field Sobriety Test (SFST) course curriculum.**

**NOTE: The operation of this DUI enforcement project shall be above and beyond regular patrol activities scheduled during the program parameter times.**

**OBJECTIVES**

To reduce the number of crashes, injuries and fatalities from impaired driving through increased high-visibility DUI enforcement activities. To communicate with the public, through media venues, the increased levels of DUI enforcement activities so drivers will realize the risks and consequences of operating a vehicle while under the influence and therefore deter that behavior.

**ACTIVITIES AND PROCEDURES**

This program is being offered on an expanded year-round basis and is in line with the goals and objectives as highlighted in the Connecticut Highway Safety Plan for FY 2023. Funding will be used to address various circumstances in which increased drinking and driving within the municipality is anticipated to take place. In the course of discussions with police agencies, it is evident that the incidence of impaired driving increases at certain times of the year in addition to holiday periods, such as shoreline communities that experience an increase in population during the summer months. Events such as summer festivals, country fairs, music concerts, sporting events, etc., all represent potential for a higher incidence of impaired driving.

Enforcement techniques employed should include extra DUI patrol activities and may include DUI sobriety checkpoints. A checkpoint is defined as an operation in a fixed location where motor vehicle operators are stopped and interviewed to establish if they are operating while impaired. Checkpoints may only be scheduled for a maximum of 8 hours. Saturation/roaming patrols are not considered checkpoints.

## FY 2022 Highway Safety DUI Enforcement Program Grant Application

PROJECT TITLE	APPLICANT	
<b>Comprehensive DUI Enforcement Program for Municipal Police Dept.</b>	<b>Wilton Police Department</b>	
	<b>PROBLEM ID</b>	<b>PAGE 2 OF 3</b>

**STATEMENT OF THE PROBLEM AND BACKGROUND INFORMATION (CONTINUED):**

**(INSERT LOCAL DUI CRASH AND CITATION STATISTICS AND LOCAL PROBLEM ID HERE)**  
**DATA MUST INCLUDE ALCOHOL-RELATED FATAL AND INJURY CRASH DATA, DUI ARREST DATA, TIME OF DAY AND DAY OF THE WEEK AND LOCATIONS WHERE THE PROBLEM EXISTS.**

**Statement of Problem**  
 \* The 5-year (2017-2021) moving average of alcohol and/or drug related crashes in the Town of Wilton is 11.4 crashes per year.  
 \*The 5-year (2017-2021) moving average of alcohol and/or drug related crashes involving injury in the Town of Wilton is 4.6 crashes per year.  
 \*In 2021 the Town of Wilton experienced one less alcohol related crash than 2020 which was the highest number of crashes involving alcohol and/or drugs since 2016.  
 \*During the last five years (2017-2021) the Town of Wilton alcohol and/or drug related crashes have averaged 11.4 crashes per year, with a high of 14 in 2020 and a low of 9 in 2018. The outcome we strive for in highway safety is crash reduction. The Wilton Police Department (WPD) has achieved that through steady high-visibility motor vehicle enforcement, evidenced by consistent high stop rates. Relative to impaired driving, during the last five years (2017-2021) the WPD has averaged 39.4 DUI arrests per year, with a high of 44 in 2017 and a low of 34 in 2020. Historically, WPD has relied on NHTSA grant funding to supplement its patrol operations specific to DUI enforcement.

**Objectives**  
 Decrease alcohol and/or drug-related crashes from a 5-year moving average of 11.4 to 10.  
 Decrease alcohol and/or drug related crashes with injury from a 5-year moving average of 4.6 to 3.6.

**Strategies/Activities**  
 1. High-visibility DUI enforcement via roving saturation patrols throughout the year (as funding permits).  
 2. Strategically deploy patrols during National Crackdown periods as well as weekends during summer months.

**Problem Locations/Days/Times**  
 Route 7 (Danbury Rd), Route 33 (Westport/Ridgefield Rd), Belden Hill Rd, Hurlbutt St  
 Friday thru Sunday, 1800 hours - 0200 hours
