Dear Property Owner:

Enclosed please find a notice of a public hearing of the Wilton Water Pollution Control Authority (WPCA) on a proposed sewer capital assessment for the above referenced property.

The assessment proposed for your property is \$164,184.00. This has been determined by the formula specified in the WPCA's "Rules and Regulations". After the close of the hearings, the WPCA will vote to levy the assessment, determine the amortization period and interest rate for owners who elect to pay the assessment in annual installments.

Under Connecticut General Statutes, sewer capital assessment liens constitute liens of the property and are collectible in the same manner as property tax liens. After the WPCA votes, you will be notified in writing of the amount of the assessment, the due date and the amortization period and applicable interest rate for installment payments.

If you have any questions prior to the hearing, please do not hesitate to contact me at 203-563-0153.

Sincerely,

A handwritten signature in blue ink, appearing to read "Frank Smeriglio", is written over a white background.

Frank Smeriglio, PE
Director of Public Works/Town Engineer

cc: Lynne Vanderslice, Chairwomen of WPCA
