SUBJECT: Forming a POCD Implementation Committee

The Plan of Conservation and Development called for the creation of a Plan Implementation Committee, comprised of those groups that had contributed to the plan when it was being created.

To that end, the Planning and Zoning Commission is asking that each of the above bodies select one representative to serve on the Committee. I have attached a copy of the POCD outlining the goals of this committee. It would be appreciated if you would let me know the name of your representative by April 5th.

Here is the link to the POCD; the Implementation Section starts on page 24 :
