## SECOND AMENDMENT TO CELLULAR PROPERTY LICENSE AGREEMENT

This Second Amendment to Cellular Property License Agreement (this "Amendment") is made this \_\_\_\_\_ day of \_\_\_\_\_, \_\_\_\_\_, by and between Crown Atlantic Company LLC, a Delaware limited liability company ("Crown") and Town of Wilton, Connecticut, a political subdivision of the State of Connecticut ("Customer").

**WHEREAS**, Crown (and/or certain of its predecessors-in-interest) and Customer (and/or certain of its predecessors-in-interest) entered into a certain Cellular Property License Agreement dated June 6, 1988, as may have been previously amended and/or assigned (hereinafter the "TLA"), whereby Customer leases or licenses from Crown certain space at a telecommunications facility described in the TLA (the "Site"), and

**WHEREAS**, Crown and Customer desire to amend the TLA pursuant to the terms and subject to the conditions set forth herein.

**WHEREAS**, on November 29, 2007, Crown (and/or certain of its affiliates and/or predecessors-in-interest) and Customer (and/or certain of its affiliates and/or predecessors-in-interest) executed a certain Second Amendment to Cellular Property License Agreement (the "November 29, 2007 Amendment"), which November 29, 2007 Amendment amended the Co-Location Agreement; and

**NOW, THEREFORE**, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree to be legally bound to this Amendment as follows:

1. Unless clear from the context in which they are used, all capitalized terms used herein shall have the same meanings ascribed to them in the TLA.
2. The parties acknowledge that Customer is making certain modifications to its space and/or equipment at the Site as described in Attachment A, attached hereto.
3. The descriptions of Customer's space on the ground set forth in the TLA (including, without limitation, any descriptions of Customer's space on the ground set forth in any schedules, exhibits or attachments to the TLA) are hereby amended and deleted in their entirety and replaced and superseded by and with the descriptions of Customer's space on the ground set forth in Attachment A and Attachment B, attached hereto.
4. Crown and Customer acknowledge that notwithstanding the title of the November 29, 2007 Amendment (i.e., "Second Amendment to Cellular Property License Agreement"), the November 29, 2007 Amendment is actually the first amendment to the Co-Location Agreement and not the second amendment thereto. Notwithstanding anything to the contrary in the Co-Location Agreement, as amended, the parties agree that any provisions referencing the correction of amendment enumeration in any amendments executed prior to the effective date hereof shall be deemed to be void ab initio.
5. Except as expressly set forth in this Amendment, the TLA is otherwise unmodified, shall remain in full force and effect and is incorporated and restated herein as if fully set forth at length. In the event of any inconsistencies between the TLA and this Amendment, the terms of this Amendment shall control. Each reference in the TLA to itself shall be deemed to also refer to this Amendment.

*NOTICE: Structural Analysis shall be performed in accordance with the current revision of the TIA/EIA 222 standard and applicable local building permit codes and standards. EME analysis shall be consistent with current revision of FCC/OSHA standard OETB 65. AM detuning, when required, will be performed to 47 CFR 22.371. The customer is responsible for all analysis expenses. All construction drawings are subject to Crown Castle engineering approval prior to commencement of tower attachments and compound installations. Installation of equipment not conforming to approved drawings may violate the terms of the occupancy agreement and will be corrected at the customer's expense. Crown Castle requires drawings for pre-construction approval and as built drawings for physical configuration validation to be submitted as unlocked AutoCAD files (Version 2000i preferred). Because manufacturers may change equipment specifications (e.g., length, width, height, depth or weight) for a Model Number without changing the Model Number itself, the equipment specifications for such Model Number as identified herein shall be used to determine exactly which version of equipment with such Model Number is approved by Crown Castle herein. Crown Castle may include the suffix "CCiv" together with a number (indicating a version number) after a Model Number, which suffix is not part of the actual Model Number, but indicative of a known change to the equipment specifications applicable to such Model Number.*
