UNDERSTAND THE PCI RANKINGS & PAVING PRIORITIZATION

Below are the updated PCI scores based on Street Scanning in 2019 and roads paved through 2019. Street Scanning was done in sections, as a result some roads will appear more than once. For and understanding of the Pavement Condition Index (PCI) and the paving prioritization methodology, please view the presentation made by Chris Burney and Frank Smeriglio at the September 9th, 2019 BOS Meeting. Available on the DPW webpage and in Minutes/Agendas/Videos. FY 2021 Roads will be published prior to spring of 2020.
