

## Project Update

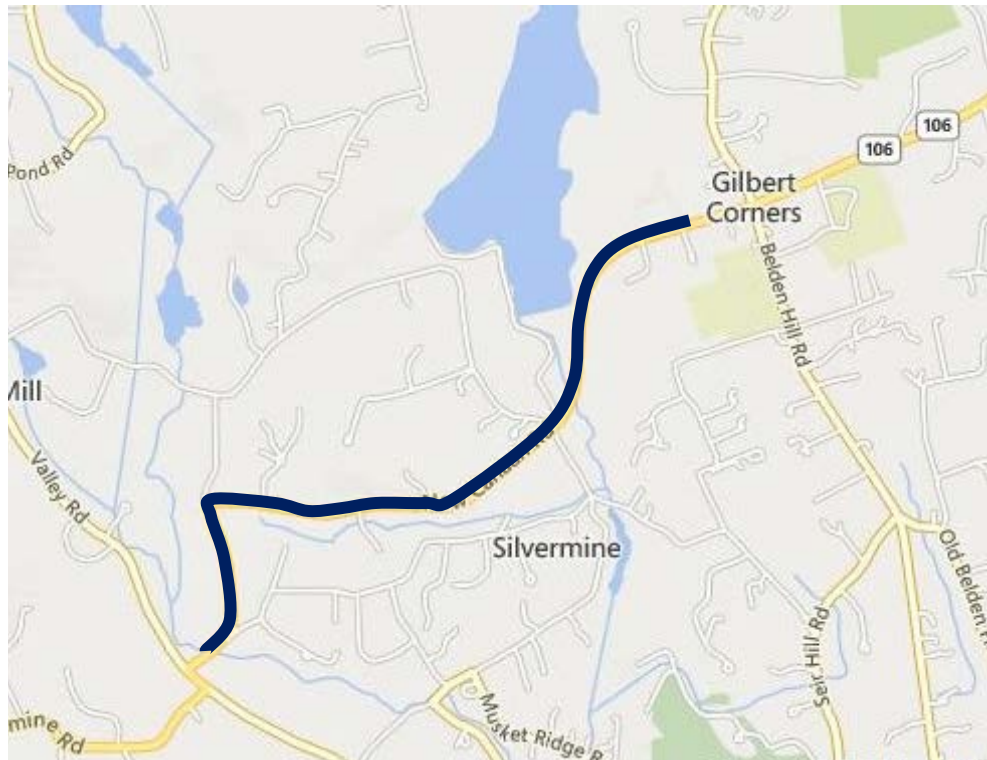

### Aquarion – Southwest Regional Pipeline Transmission Water Main

### Eversource – New Canaan to Wilton Gas Main

**June 2023**

Thank you for your patience and cooperation as Aquarion and Eversource continue to work to improve vital water and natural gas infrastructure for the area. We are pleased to share with you a summary of our work scheduled in Wilton for 2023. Watermain testing will continue in June requiring excavation of the roadway at various locations. Upon completion of testing, pavement reconstruction of New Canaan Road will begin in Wilton from Belden Hill Road to Old Boston Road. Beginning in June, water and gas pipelines will be installed in Silvermine Road (Route 106) from Littlebrook Road to Valley Road in New Canaan.

Construction will resume in Wilton during the 2024 and 2025 construction seasons, extending the 36-inch water main and 16-inch gas main westward along New Canaan Road (Route 106) from Old Boston Road to Silvermine Road in New Canaan.

**Project Route**

**What You Can Expect:**

- Watermain testing will continue in June requiring excavation of the roadway at various locations.
- Upon completion of testing, pavement reconstruction of New Canaan Road will begin in Wilton from Belden Hill Road to Old Boston Road.
- Construction for Pavement work in Wilton will continue through August 2023.
- Construction hours will occur Monday through Friday 8:00 a.m. to 5:00 p.m.
- Traffic control, including police officers, flaggers and signage, will help maintain safe work zones and ensure unobstructed passage for emergency vehicles.
- All school bus stops will remain at their current locations. The roadway will remain open for school buses and emergency vehicles. All other vehicular traffic will follow traffic control and posted detour routes.
- For residents living within the project area, please coordinate with Traffic Control for access to your property through the work area.
- Eversource, Aquarion and their contractors will coordinate work with DOT, town officials and individual customers, where needed.
- All Eversource and Aquarion employees and contractors carry identification that they will gladly show.
- The work on Route 106 will require the closure of a section of the road from Belden Hill Road to Old Boston Road as shown on the detour plans provided below. In addition, electronic billboards will be installed to inform the public and provide daily updates throughout construction.
- Project updates including construction status, work schedule, changes in traffic patterns and detours will be posted weekly on Aquarion's website at [www.aquarionwater.com/infrastructure-projects](http://www.aquarionwater.com/infrastructure-projects).

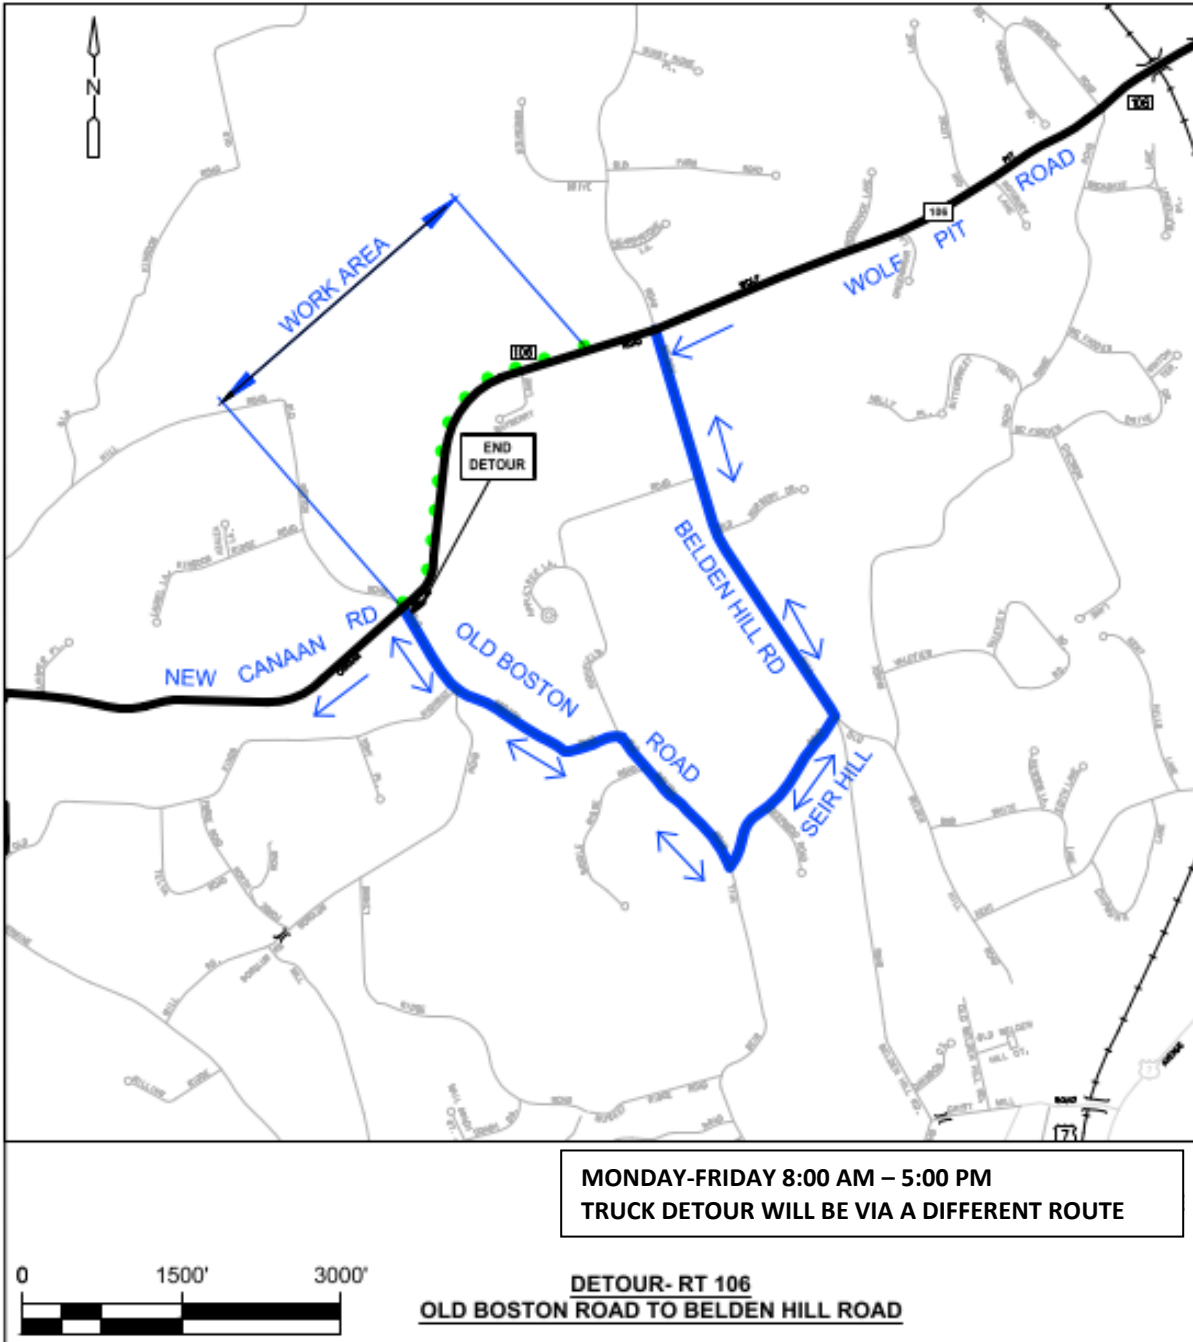

**General work in New Canaan**

- Beginning in June, water and gas pipelines will be installed in Silvermine Road (Route 106) from Littlebrook Road to Valley Road in New Canaan.

**Working to Serve You Better:**

Aquarion Water and Eversource are committed to being good neighbors while we are in your neighborhood. If you have any questions or need any additional information, please contact:

- Dennis Fields, Aquarion Water project representative, 203-258-6139 or
- Ken Zembrzuski, Eversource project representative, 860-665-3452.

**New Canaan Road (Between Belden Hill and Old Boston Rd) Phase**

Work in the section of road consists of providing permanent roadway restoration. We are planning to excavate the existing asphalt and reinstall new asphalt. Work in this section of road will begin in early July (weather permitting), and we anticipate completing this phase by the end of July 2023. Work hours and construction requirements will follow the description on page 1 above “What you can expect”. Detour routes are as described above.
