

## Road Scan Results by PCI Ranking Order

12-Apr-22

*Below are the updated PCI scores based on Street Scanning in 2019, projected deterioration and roads paved through 2021. Street Scanning was done in sections, as a result some roads will appear more than once. For an understanding of the Pavement Condition Index (PCI) and the paving prioritization methodology, please view the presentation made by Chris Burney and Frank Smeriglio at the September 9th, 2019 BOS Meeting. Available on the DPW webpage and in Minutes/Agendas/Videos.*
