BACKGROUND INFORMATION

The Wilton Volunteer Ambulance Corps (WVAC) is the provider of 911 emergency ambulance transport in the Town of Wilton. WVAC is a private, non-profit 501(c)(3) corporation. Our volunteers have provided this critical service since 1976.

- We have two ambulances available for service. One is staffed with a two or three person duty crew 24/7/365. The second ambulance serves as a backup and is used if a second call arises and is staffed by available home responders.
- We contract with Norwalk Hospital for EMTs to provide staffing Monday-Friday 6am to 6pm. Our volunteers staff the rig 6pm to 6am on weekdays and 24/2 on weekends.
- We bill for patient transport to the hospital, at rates set annually by the State, which is our main source of revenue.
- Our other sources of revenue come from Town funding and donations.
- We have three paid part-time employees that perform various duties.

Background Information (continued)

- We provide, at no cost to the Town, administrative services for patient billing and maintenance services for the paramedics that are stationed at our headquarters.
- WVAC provided funding for 87% of our total annual operating expenses in 2019. Some of the expenses include:
  - Volunteer Training
  - Uniforms
  - Vehicle Maintenance
  - Billing Fees
  - Professional Fees
  - Contracted Labor (Norwalk EMTs)
  - Personnel Costs
  - Community Outreach
  - Household Expenses
  - Fundraising
  
- WVAC funds 100% of our capital spending; including:
  - Ambulance Purchase Every Four Years
  - Specialized Equipment including the Stryker PowerLoad Stretcher Systems, LUCAS Chest Compression Devices, AEDs, Stair Chairs, Portable Radios, etc.
PROUD TO SERVE

• The Wilton Volunteer Ambulance Corps responded to a record 1,442 emergency medical calls in 2019.
• Our volunteers are also devoted to active involvement within our community, which includes training and education, senior dinners, as well as community events.

Our volunteers donated over 18,000 hours in 2019, which included:

• On duty shift hours
• Officer administrative time
• Continuing Education
• Second Calls
• Meeting attendance
• Public Safety Training
  • CPR and AED
  • First Aid
• Stand By at Community Events
  • HS Football Games
  • July 4th Fireworks
  • Touch-A-Truck
  • Cannon Grange Fair
  • Ambler Farm Day
  • Town Trick or Treat
  • Street Fairs
Operations Update

- **Equipment**
  - In August, 2019 WVAC purchased a new ambulance.
  - In November, 2018 WVAC upgraded our LUCAS chest compression devices.

- **Membership**
  - Our members are our most important resource.
  - Members availability and additions and resignations to membership can effect scheduling, over burden certain members, and contracted labor.
  - We currently have 63 members, which reflects a net increase of 6 from last year.
  - We welcomed in 17 new members, but 11 resigned.
  - 12 of the new members are high school students, bringing the total number of high school and college students to 24.
  - College and high school students contribute limited shift hours and other duties.

- As you can see from the above analysis, our break even point is 1,650 transports.
- Our revenue per call is low due to the high percentage of Medicare patients.
- 72.6% of insurance billing is to either Medicare or Medicaid, which is a 0.5% increase from calendar year 2018 to 2019.
WVAC’s Financial Condition

WVAC relies on the Town of Wilton to assist our operations and capital budget to remain a vital service for the residents of the community. No predictability of demand for service and contributions levels are always a concern about our financial condition.

WVAC’S FINANCIAL CONDITION (continued)

Again, without the Town’s funding, WVAC’s financial condition would be strained, with no flexibility for growth to allow our organization to look into a facility for our headquarters and garage.

Risks on the Horizon

- Regionalization of dispatch
- Legislative changes to Medicare and Medicaid Programs
- State mandated radio replacement
- Changes to training structure and documentation
- Medicare Cost Data Collection requirements
- Additional EMT training for ECG application and transmission
- Active aggressor planning and training
- Headquarters and garage needs
TOWN GUIDELINES FOR CAPITAL PROJECT BONDING CONSIDERATION

- Value of item is equal to or exceeds $250,000 and has a life of at least 10 years

- Items with a 10 to 19-year life are bonded over 10 years. Items with a 20-year or longer life are bonded over 20 years

- The one exception is town-owned roads and bridges. The value is not determined on an individual road basis
STATE AND FEDERAL STATUTES FOR MUNICIPAL TAX-EXEMPT CAPITAL PROJECT BONDING

• Current State regulations limits the terms of bonds, other than sewer, to 20 years. Two years ago the regulations were amended to increase the term to 30 years effective FY2022.

• Statute don’t allow for the bonding of operating expenses. Items such as painting and carpet are considered operating expenses, unless they are included a major renovation.
  • For example bond counsel was consulted on the Cider Mill project, who advised that the work did not qualify as a major renovation.
