TOWN OF WILTON
TRANSFER STATION

Location: Mather Street

Hours of Operation: 8am - 4pm Monday through Friday
9am - 12pm Saturdays

For further information regarding solid waste and recycling, please call the Public Works Department at 563-0152.

WINDSHIELD STICKER IS NECESSARY FOR ENTRANCE TO TRANSFER STATION

Vehicle Permit Stickers: **NO CHARGE.** Limit of two per household. Vehicle registration(s) must be presented. If vehicle is not registered at Wilton address, proof of residency is required.

Vehicle permits are valid for one year beginning July 1 and ending June 30, and must be affixed to right hand side of windshield (passenger side). If vehicle is disposed of, remove sticker and bring to the Town Clerk's office in Town Hall for a free replacement.

Tickets:

\$45.00 for a book of ten (10) - (see below for number required). Tickets are **\$4.50** per 32 gallon bag of Household garbage. **Senior Citizens (age 65 or older)** are \$3.50 per 32 gallon bag. Vehicle permits and tickets can be obtained at the office of the Town Clerk located in the Town Hall, from 8:30 am to 4:30 pm. **Tickets are not sold at the Transfer Station.** They may be ordered by mail: Town Clerk's Office, 238 Danbury Road, Wilton, CT 06897. Enclose a copy of vehicle registration(s) for permit(s), a check for the proper amount, and a self-addressed stamped envelope.

HOUSEHOLD GARBAGE:

Requires one ticket per 32 gallon bag. All bags received are subject to inspection to assure that no recyclable materials are included in the household garbage. Household garbage is accepted during all hours of operation.

RECYCLABLES:

The following items may be brought to the Transfer Station during all hours of operations:

1. Dry uncontaminated **Newspaper** including inserts
2. Flattened **Cardboard** including corrugated boxes, cereal boxes, shirt boxes, etc.
3. **Commingled Items: (Plastic, Glass and Metal)**
 - Clean **PLASTIC** containers (#1 – 7)
 - Clean **GLASS** food and beverage containers
 - Clean **METAL** food & beverage containers
(Including clean metal pie plates)

IMPORTANT: Before bringing your paint to any drop-off site, be sure to call to check business hours and to make sure they can accept the types and amount of paint you would like to recycle.

For further information, please visit www.paintcare.org or call 855-724-6809

Who Is PaintCare?

PaintCare is a non-profit 501(c)(3) organization, established by the American Coatings Association to implement state-mandated paint stewardship programs on behalf of paint manufacturers in states that adopt a paint stewardship law. PaintCare is currently running or preparing to implement programs in California, Connecticut, Oregon, and Rhode Island.

Paint Drop-Off Sites

PaintCare will establish drop-off sites at paint retail stores, government-run household hazardous waste programs, transfer stations and other locations across Connecticut. PaintCare sites will accept latex paint (and other water-based program products) from all residents and businesses and oil-based program products from all residents and most businesses. To find a site near you, visit www.paintcare.org or call (855) 724-6809.

Recycling New and Old Paint

PaintCare will make sure your paint gets recycled or properly disposed of at state-authorized paint processing facilities. You can drop off new paint and old paint, even if it is over 20 years old.

Funding and Fees

The program is funded by a fee that paint manufacturers pay to PaintCare for each container of architectural paint sold in Connecticut. Manufacturers pass the fee to distributors and retailers, who include the fee in the purchase price of paint. Fees are by container size as follows:

Half pint or less	\$ 0.00
More than half pint to less than 1 gallon	\$ 0.35
1 gallon	\$ 0.75
More than 1 gallon to 5 gallons	\$ 1.60

Retail stores can choose whether or not to display the fee separately on sales receipts.

The fee is not a deposit -- you do not receive it back when you drop off paint for recycling.

What Products Are Covered?

Architectural paint or "Program Products" are defined as interior and exterior architectural coatings sold in containers of 5 gallons or less. They do not include aerosol, industrial, original equipment, or specialty coatings.

(See back panel for examples of program and non-program products.)

Who Can Use the Program?

In addition to residents, this program is available to trade painters, contractors and other businesses with one restriction: If your business produces more than 26 gallons of hazardous waste per month, you may only use the drop-off sites for your latex paint and not for your oil-based paint. To learn more about the 26 gallon restriction, contact PaintCare or the Connecticut Department of Energy and Environmental Protection.

Limits on Quantities at Drop-Off Sites

Drop-off sites may establish limits on the quantity of products they accept. Generally, the limit in small stores will be lower than in large stores. Please check with the site in advance if you have more than 5 gallons.

For more details, please visit www.paintcare.org or call (855) 724-6809.

What Is the Connecticut Paint Stewardship Program?

More than 700 million gallons of architectural paint is sold each year in the U.S., and it is estimated that about 10 percent of that goes unused and is available for recycling.

Until now, unused, leftover (postconsumer) paint has generally been managed through programs operated and paid for by local and state government agencies.

Starting in July 2013, a Connecticut law requires the paint and coatings industry to develop a financially and environmentally sustainable solution to manage postconsumer architectural paint. Under the new program, the paint industry will make paint recycling more convenient by setting up drop-off sites throughout the state where consumers can take their paint. PaintCare will also conduct outreach and education about buying the right amount and using up remaining paint.

Program Products

These products have fees and are accepted at drop-off sites:

- Interior and exterior architectural paints: latex, acrylic, water-based, alkyd, oil-based, enamel (including textured coatings)
- Deck coatings, floor paints (including elastomeric)
- Primers, sealers, undercoaters
- Stains
- Shellacs, lacquers, varnishes, urethanes (single component)
- Waterproofing concrete/masonry/wood sealers and repellents (not tar or bitumen-based)
- Metal coatings, rust preventatives
- Field and lawn paints

Non-Program Products

- Paint thinners, mineral spirits, solvents
- Aerosol paints (spray cans)
- Auto and marine paints
- Art and craft paints
- Caulking compounds, epoxies, glues, adhesives
- Paint additives, colorants, tints, resins
- Wood preservatives (containing pesticides)
- Roof patch and repair
- Tar and bitumen-based products
- 2-component coatings
- Deck cleaners
- Traffic and road marking paints
- Industrial Maintenance (IM) coatings
- Original Equipment Manufacturer (OEM) (shop application) paints and finishes

Note: *Leaking, unlabeled, and empty containers are not accepted at drop-off sites.*

For information about recycling and proper disposal of non-program products, please contact your garbage hauler, local environmental health agency, household hazardous waste program, or public works department.
