**Subject:** ZBA File 20-07-07

Dear Mr. Wrinn and members of the Zoning Board of Appeals,

I am writing in connection with the Variance Application filed with the ZBA by Robert Ostermann of 93 East Meadow Road (ZBA 20-07-07). I am the owner of the house directly across the street at 86 East Meadow Road.

Since acquiring his home about a year ago, Mr. Ostermann has devoted significant time and resources to upgrading the structure of his home and the surrounding landscape. All of the work has been conducted in a manner that is respectful of his neighbors.

I have reviewed the plans for the building addition filed by Mr. Ostermann. I respectfully write to inform the Board that I do not have an objection to the issuance of the variance requested by Mr. Ostermann. In the interest of transparency, I would also inform the Board that, after residing on East Meadow Road for 29 years, I have entered into a contract to sell my home and anticipate a closing at the end of July.

My contact information is below. If I can provide any additional information that the Board feels would be relevant to this matter, please do not hesitate to contact me.

Respectfully submitted,

**Mitchell Kornblit**

86 East Meadow Road, Wilton, CT 06897
