Subject: 20-09-08 Graham

To whom it may concern,

We reside at 83 Grumman Hill Road, a couple houses up the hill from the subject property at 55 Grumman Hill Road. Similar to the house in question, our home is also a Grumman family antique built in the mid-late 1700's. What this family has done to restore and update their property is amazing and beautiful. They have been meticulous about updating their home while preserving its historical beauty and significance.

I speak for my entire family when I say that we request approval of their application to amend the variance in question.

Sincerely,

Anne King Forland,  
Kris Forland & Family.  
83 Grumman Hill Road  
Wilton, CT
