> Kings Highway, Wilton, CT 06897. This is the second variance the  
> Turners have requested in less than a year. By our not opposing the first variance, it allowed  
the Turners to proceed to build an outdoor patio up to our shared property line. To us this second  
variance requested by the Turners represents an unreasonable encroachment on our legal  
property line by narrowing the footage between us. And importantly it diminishes the value of  
our real estate property.
