Wilton, CT

Re: Brian, 455 Mayan Pond Rd., Wilton, CT
Dear Mr. Whisen:

In response to the proposed construction at 455 Mayan Pond Rd., Wilton, the only hardships here are those created by the owners (Brian) of the property. By virtue of their letter to Planning & Zoning and all the regulations cited therein; these were in effect at the time of purchase. Hence needed to be followed. They purchased buying this property knowing it was a non-conforming lot.

Now they want everyone to close their eyes and ignore the property lines, etc. Have this construction and pay no attention to wetlands, erosion, septic issues, property values and the surrounding neighbors!

I agree with the Herskovitch and Davatz letters in this matter.

I strongly oppose the application for 455 Mayan Pond Rd as set forth.

Sincerely,

Ellen J. Raleigh
