84 Old Mill Road Wilton, CT 06897

Attention to Michael Wrinn

Regarding Wilton ZBA 23-03-04 Lasky

Saturday March 18, 2023

To Whom it may concern: This is a letter to address the consideration of a zoning variance for a LAP POOL (18' long x 7'9" wide x 4'9" deep (it's NOT a hot tub, as stated). The retaining wall as proposed on the plan appears to be mere inches from my property line.

The History with the Owners of #86 Old Mill Rd, the Lasky's, is that several years ago they installed an illegal pool on my property. At that time, they applied for and received a variance, but upon building the pool, they disregarded the variance and built the pool on my property. Rectifying this situation cost the Town of Wilton and myself and the taxpayers thousands of dollars in legal fees and wasted countless hours of my time as well as the zoning enforcement officers time.

Post judgement, the Lasky's have been nothing but difficult and my family and I have endured years of harassment.

Approving the last variance obviously didn't work out and so, to allow another variance after the hardship that they put the town and myself through would be utterly ridiculous. Therefore, given the acrimonious history and the Lasky's continuing animosity towards me and my family, I emphatically vote NO.

Respectfully yours,

Stephen Czarnecki
